DOOR DISORDER!

DRAW

Mateo lost his giant pen. But what does he have in its place? Come up with a cool idea and draw it.

Oh no! When they jumped through the dream door, Mateo, Albert and Z-Blob each lost bits and pieces of themselves. But not to worry: you can help them by using your dream crafting talents! Grab your pens and get creative!

Poor Albert! He lost his whole body when he went through the door. Use your talents to turn him into Super Albert!

Z-Blob Mech actually has ultra-powerful robo-feet and robo-hands. But what does he have now? Give him some bizarre replacement parts!

BOSS-LEVEL BLASTER

Cooper has done it again! He's created a **blaster** that can do anything. It can be used as a **lightning blaster** to conquer any cyber challenge or as a **repair cannon** for dream doors. So don't wait: build your blaster and get ready for **action**!

HATS OFF! Cooper and the Night Hunter are trying to blast each other's hats off their heads. But whose aim is better? Use a ruler to trace the paths of their **four blasts**. A path changes by 90 degrees if it hits an obstacle. When a blast **hits** a hat, enter that hat's number next to it. **Attention:** if a blast **doesn't** hit one of the targets, mark it with a **cross** instead.

BUILT FOR SPEED

Take your **toy** apart and arrange the **pieces** as shown here. Then put the blaster **back together** as fast as you can. Use a **stopwatch** to measure the time. You can **challenge** friends or family members to try to beat your best time.

The Witch's

- WHAT YOU NEED:**
- Enough playing figures
 - One dice
 - A pen or pencil

The **Never Witch** has brewed up a **hurricane** that can destroy everything in its path. You can only **escape** the storm by reaching its **centre**. But careful: her **creepy creatures** are on the loose and there is **danger** lurking at every turn!

HOW TO PLAY:

- The **youngest** player goes first.
- **Take turns rolling the dice.** Each player moves their figure through the storm the number of spaces shown on the dice.
- If a player lands on a space with a **picture**, the corresponding **action** must be carried out (see below).
- If a player lands on an **occupied** space, he/she can **jump over it**.
- The first player to reach the **dream door** at the centre of the hurricane **wins**.

COOPER'S KART

Good news! A player who lands on **Cooper's racer** can move their figure **forward** along the arrow.

RAVEN ATTACK

Oops! A player who lands on a **raven** must move their figure **backward** along the arrow.

CAUGHT IN A WEB

When any player lands on a **spiderweb**, one of the spider's **six boxes** is **ticked off**. Once **all** the boxes are marked, the spider crawls into its web. Any player who lands on a spiderweb after that **loses a turn**.

**GAME
FOR 2-6
PLAYERS**

Each time a player lands on a space with a **claw**, one of the **Grimwolf's boxes** is ticked off. Once all six boxes are **full**, it's bad news. If a player lands on a claw after that, they must **roll again** and **move backward** the number of spaces **shown on the dice**.

TRAINING FOR DREAM CHASERS

PART 1
OF 2

TO BE A NIGHT BUREAU AGENT, YOU'VE GOT TO BE CLEVER!

Dream crafting requires **inspiration**, **creativity** and **focus**. The Night Bureau has designed **special exercises** for dream chasers to train these skills. To complete the tasks on this page, you'll need to **concentrate**, **look** at everything **closely** and read the **instructions** carefully.

1 PYEWACKET'S PATH

Zoe's cat Pyewacket has chosen a **special path** through the dream doors. Take **one minute** to study and **memorise** the path. Then turn directly to page 31.

THE NEVER WITCH'S ILLUSIONS!

ARE THE TWO TABLETOPS SHOWN HERE THE SAME SIZE OR DIFFERENT SIZES?

HAHAHA, I'M GOING TO TRICK YOU THIS TIME!

ARE THE ROWS OF DOTS SET IN STRAIGHT LINES OR DO THEY SLANT?

2 ALL KINDS OF NIGHTMARES

What a **grim gathering**! Take a minute to study and **memorise** all the details of this picture. Then turn to page 31 and try to complete the corresponding task.

FACTS

**FILE
NO. 9**

THERE'S
A LOT TO KNOW
ABOUT THIS EVIL
WITCH!

NO ONE IS
AS POWERFUL
AS I AM!

► SHE STEALS MEMORIES

The Never Witch uses **memories** as ingredients in her evil spells. Her **creepy ravens** steal them right out of dreamers' heads. The stolen memory orbs are then stored in **memory flasks**. Memories can be released from the flasks, but if a flask **breaks**, the memory inside is **lost** forever.

► SHE BREWS EVIL

The Never Witch mixes the harvested memories in her **cauldron** to conjure up **shady creatures** like wolves and spiders. She stirs her evil spells with a witch's staff containing the **Ruby of Replication**. It gives her the power to brew up evil doppelgangers.

► SHE CAPTURES DREAM REALMS

The Never Witch uses her **staff** to imprison dream realms. First, she **dissolves** the realm guardian into **dream sand**, then **sucks** it and the entire realm into the staff before it is rebuilt in **miniature** inside a glass dome. Dreamers trapped inside a so-called 'doom dome' can now only **dream** in that dream realm and **lose** their **creativity** in the waking world.

► SHE RULES THE SKIES

Once she has enough power, the Never Witch conjures up a **gigantic winged ship** to serve as **headquarters**: the **Midnight Raven**. It has the ability to **teleport** and has a **witch's hut** on its back that has legs and is much larger inside than outside.

HER GOAL: A MASTER SPELL

The Never Witch's ultimate goal is to cast an evil **master spell**. For this, she needs to capture **all the dream realms** as well as **three powerful artefacts**: the **Ruby of Replication**, the **Eye of Confusion** and the **Crown of Control**. She has one of them already.
